Counter-Top Compost Pail with Charcoal Filter

Compost is a mixture of decayed plants and vegetable waste which is added to the soil to help plants grow.

Use for vegetable scraps, egg shells, coffee grounds and more

Specially designed lid with built-in charcoal filter provides for odor-free use for months
Extra charcoal filter included

Compost Bin Charcoal Filter Replacements

To replace filters, remove lid and discard old filter. Insert two activated charcoal filters into the lid.

Each filter is made of activated charcoal, a natural material that neutralizes odor.
For best results, replace the filters when odors become apparent.
